

HEAD OF CITY POLICE DEPARTMENT IS NOW FACING CHARGE OF ASSAULT

Well Known Citizen Went to Interview Chief and Was Forcibly Ejected From Former's Office

CASE WILL BE AIRD IN COURT WITHIN A FEW DAYS

Complainant Contents That He Was Only Asking Questions When He Was Thrown Out of Office—Reported Case to Commissioner Who Refused to Even Investigate

Violently ejected from the office of Chief of Police Ensor yesterday afternoon, after an interview in which an explanation of the chief's ultra-Tuesday methods of discipline, A. R. Groff, who had been in the office for some time, spent this morning in an effort to obtain a magistrate to try the case, and the outcome of the search was that Inspector Worsley offered to consider the matter, although he had strong objection to give his decision at five this afternoon.

The action for assault comes as the aftermath of the exhibition given by Chief Ensor in the Thistle rink on Wednesday evening, when the man who is alleged to fill the office of chief of police, while at the rink, and wearing no badge of office, took it upon himself to eject from the building a citizen who sought in a peaceful way to address a question to Dr. Clarke. Mr. Groff had himself been assaulted by the chief of police at the Thistle rink, when he sought to obtain an explanation of the high handed manner in which he ejected from the meeting Mr. Groff yesterday to ask for an explanation, and was violently ejected, the

chief declining to make any statement to the reason for his conduct.

Three magistrates were seen by Mr. Groff this morning, and none has yet consented to act in the case. Magistrate Gowan did not wish to take the case because, he declares, he is like the chief, employed by the city and might be suspected of prejudice. Thos. R. Turnbull, J.P., has been instructed by the city commissioners through Chief Ensor not to undertake magisterial duty, and Inspector Worsley, who was the last magistrate to be seen, expressed a strong aversion to trying the case, declaring that it was case for the city police magistrates, but declared that he would state definitely at 5 o'clock this evening, whether he would try the case or not.

When S. W. Caves sought at the meeting on Wednesday evening, to obtain an opportunity to Dr. Clarke upon a point raised in his speech, and the man was immediately seized upon by the multi-armed chief, Mr. Groff was one of the first to protest against the chief's high handed conduct.

"Who are you and what authority have you to eject this man from the meeting?" enquired Mr. Groff of the chief.

(Continued on Page Five)

CALL TENDERS FOR ASYLUM SUPPLIES

New Provincial Institution Will Be Opened Early in May.

Tenders for supplies for six months, for the new Ponoka asylum, will be called by the department of the provincial secretary. These will include provisions of all classes for the inmates and attendants. The new asylum will be ready for occupancy some time in May. It is the intention to open it at the earliest possible date, and to remove the Alberta patients now resident in the Brandon asylum.

Dr. Dawson, the new superintendent, has assumed his duties and is now engaged in getting the asylum ready for the reception of the inmates.

At the meeting last evening the chairman of the supplies was authorized to accept the tender of J. H. Taylor for the equipment of the new hospital.

INSPECTOR MAKES REPORT TO BOARD

Affected—Good Average Attendance Shown.

In a report based on his examination of children in the schools of the city during the past month, and presented to the school board at its regular meeting last evening, the medical inspector stated that forty-two per cent. of the pupils, of 259 in all, are affected in some manner or other by disease.

During the month there were 605 examinations made at the Alexander Taylor, Riverdale and Syndicate avenue schools, and a summary of the defects found by the medical inspector is given below:

Eye defects 27 4.16
Enlarged tonsils and adenoids 66 10.9
Enlarged tonsils only 18 2.87
Enlarged adenoids only 16 12.56
Other nose and throat defects 6 9.9
All nose and throat defects 166 27.43
Ear defects 10 1.65
Decayed teeth 93 15.37
Skin diseases 6 1.00
There were also two cases of general debility, one of tubercular glands and one of incontinence of urine. This makes a total of 239 defective pupils.

The medical inspector called attention to defective ventilation in the five- and six-story schools.

CONTRACTORS START WORK ON FIRST PEACE RIVER RAILWAY

WINNIPEG PAPER SAYS SPLIT IN LIBERAL PARTY HERE TAKES ON SERIOUS LOOK

WINNIPEG, April 21.—Under the caption, "The Edmonton Meeting," the Free Press says today: "A royal commission may have to be issued to get the facts about the public meeting at Edmonton which was addressed by Mr. Oliver. One despatch, obviously favorable to the minister, represents the meeting as enthusiastic in its support of Mr. Oliver, while another, which exudes partisanship from every line, emphasizes the anti-Oliver demonstration as the feature of the evening. The Free Press has published both reports, and its readers, by striking a balance, between them, can get a fairly good idea of what took place. As the report which is unfriendly to the minister of the interior makes clear, the trouble, whatever there was of it, was taken to personal spite, not to political causes. As is well known, the stories of political events which destroyed the Rutherford government left an aftermath of disension in the Liberal party in northern Alberta.

The friends of the Rutherford government hold Mr. Oliver, both personally and through his connection with the Bulletin, partly responsible for the movement which destroyed that administration and put a stop to the building of the Alberta and Great Waterways railway. They are numerous and aggressive in Edmonton, and have taken advantage of Mr. Oliver's visit to his home town to give expression to their hostility. No doubt the split in Edmonton city is a serious thing, both for Mr. Oliver and for the party, but when Liberals disagree with one another, the case much given fighting their differences out in the open, in place of keeping a front of seeming unity to the public, behind which the knifing goes merrily on, which is the approved policy of a certain other political party. The Liberal method is to be preferred."

NEW CORPORATIONS STARTS FOR NORTH FORMED IN APRIL ON HUNT FOR GOLD

Total of Upward Two Million Interested in New Enterprises.

New companies with a total capitalization of \$1,789,000 were incorporated within the last two weeks in the province, according to the official gazette, dated April 15th. Of this total, six of the new companies have been incorporated with capitalizations of \$604,000, and six are in Edmonton with capitalizations of \$230,000. There were also different numbers of the province with a total capitalization of \$895,000.

In Calgary, Alberta, 10th \$500,000 capitalization. In Edmonton, the Larnak investment company, which has been incorporated and capitalized at \$100,000.

At Lethbridge the Rock Springs Coal and Lumber company has been incorporated with \$500,000 capital stock. The gazette also records the appointment of J. D. Nicholson as provincial detective.

ALEXANDER SHAW DIES

WALKERTON, Ont., April 21.—Alexander Shaw, K.C., and one-time M. P. for South Bruce, died here this morning at the age of 78, as the result of a recent accident with a horse.

It came to give comprehensible reasons he proved himself to be an amateur of the worst type.

The commission is supposed to be made up of the different departments and to Commissioner Butcher. Mr. English appealed. The commissioner when questioned by a reporter stated he did not know anything about the question, in spite of the fact that he was perfectly aware that his questioner knew that the commissioner was deliberately stating what was not true.

"Has the chief authority to fire the magistrate's clerk?" queried the reporter representing the newspapers of the city. "The police chief has complete charge of his department," was the reply. "Will there be any investigation into the police department?" "Has no police in it," he replied. "I have been misquoted too often." "You might name one instance," suggested one of the reporters. "The commissioner took refuge behind the laugh which has made him famous and switched the subject. He is probably in the habit of doing even the commissioners will find it incumbent upon them to make a thorough investigation as to how the police department is being conducted under the present regime."

IRISH FACTIONS CLASH IN COURT.

Cork, Ireland, April 21.—The hearing of the petition against the election of Captain Anthony J. J. Donohue, of the Nationalist whip, who defeated Wm. O'Brien in the east division of Cork, yesterday, was the roughest ever known in the history of the courts. The hearing was held on a hot day, and the atmosphere was charged with the heat of the Irish factional struggle. The hearing was held on a hot day, and the atmosphere was charged with the heat of the Irish factional struggle. C. N. R. Awards Contract for Fifty Miles to Northern Construction Company.

NOW LAYING OUT GRADING STAKES

Many Outfits Will Have Dirt Flying Shortly on Long Looked For Line.

Actual construction work has at last been started on the long-hoped-for railway from Edmonton that will tap the far-famed Peace river country, and give the transportation facilities to the last free heritage of the Anglo-Saxon race.

The contract has been awarded by the Canadian Northern railway to the Northern Construction Co. for fifty miles of the line that will run northwest from the main line at Onaway to the Peace river country, to eventually touch Dunvegan on the Peace river.

The graders are already laying their stakes for the right-of-way, having commenced work this week, and dirt will be flying on the grade within the next few weeks.

This is the first construction work to start on any line towards the Peace river. As announced in the Capital a month or more ago, the location of the line was completed by the Canadian Northern engineering department, and the contractors have already looked over the first section of the line before accepting the contract. It was at first expected that the contract would be taken up by the Cowan Construction company, whose representatives went over the work, but the contract was later awarded to Messrs. McKenzie and Mann, of the Northern Co.

The line starts the farm of Louis Courtourville, two miles west of Onaway, on the main line, and runs northwest, crossing the Athabasca river 30 miles west of the mouth of the Peace river, thence northwestward to the Peace. It is the ultimate intention to make this a part of the transcontinental system by pushing it through the Pine Pass to the north Pacific coast.

At least fifty miles of the line will be built this year. The Northern Co. will throw a large number of outfits.

STARTS LUTHERAN MISSION IN CITY

Supt. of Missions of German Lutheran Church Here to Establish New Congregation.

For the purpose of completing the establishment of a branch of the German Lutheran church in Edmonton, Rev. Geo. Gehre, superintendent of missions for the German Lutheran church, with headquarters at Winnipeg, is a guest at the Alberta.

The mission has been established in Edmonton with some 25 communicant families enrolled. This number it is expected will be largely increased very shortly.

"We have now a total of about 20,000 communicants of the German Lutheran church west of Winnipeg," said the superintendent of missions, speaking to the Capital this morning. "In Winnipeg we have the largest church in the world, with an enrollment of communicants totalling 150,000. We have 150 missions in the west, and hope to increase this number."

"Our church has just decided upon the establishment of a German Lutheran college at Melville, Sask., and construction will be proceeded with at once."

TO RUN EASTERN BOUNDARY LINE OF BIG JASPER PARK

SURVEYOR LEAVES CITY SHORTLY WITH TWO PARTIES TO LOCATE LINE 250 MILES LONG, WHICH MARKS EAST LIMIT OF FOREST RESERVE.

The eastern boundary of the new Jasper park, approximately 250 miles long, the longest park line in Canada, will be located this year by Dominion land surveyor Edgcombe, who is a guest at the

COMPETITION NOT FAIR TO FARMERS

Congressman from Iowa Speaks Against Reciprocity Measure in Lower House.

Washington, D.C., April 21.—Offering an amendment to the Canadian reciprocity bill which provided for the placing on the free list manufactured articles to compensate the agricultural interests of the country, Representative Prouty of Iowa made his maiden speech in the house today in opposition to the proposed agreement as submitted by the ways and means committee. "This treaty," said Mr. Prouty, "compels farmers to sell their products in competition with Canada but compels him to buy in protected markets. That is unfair to the farmers. Representing as I do a farmer constituency I would rather see it tried on somebody else first. Must all these experiments be tried on the farmer? I think it is time to try them on somebody else first. Mr. Prouty said there was something in the proposed farmers free list bill which would be a disaster to the farmer. He could vote but there were some things in it which he must oppose.

"This bill," he continued, "which they have designed as 'farmers freely bill' puts on free list beef, veal, mutton, lamb, pork and all kinds of meat. This would throw the American farmer into direct competition with Canada but with Canada, Mexico, Argentina and other countries south of us where everyone knows animals are raised far less than half of the cost in the United States."

Mr. Prouty's amendment would include flour, packing products and many other manufactured articles.

EXCLUSIVE NOVELTIES IN NEWWEAR AT KELLY & MOORE.

QUARREL RESULTS SERIOUSLY

Port Arthur, April 21.—As the result of a quarrel in a mine at Atikokan yesterday, an Austrian whose christian name is George, but whose surname could not be learned, is now lying at the point of death in the R. M. and C. Hospital, Port Arthur, having been struck on the head with a miner's shovel by a Pinlander named John Peck. The wound made a gaping hole in the Austrian's skull half an inch deep through the brain, and chances for his recovery are very slim. His assailant took the words after the onslaught and is thought to be heading west. Constable G. W. Symons of the provincial police is on the case.

TO INSTALL WIRELESS

Port Arthur, April 21.—Arrangements were completed in Port Arthur today between Mr. Jas. Playfair, principal owner of the Northern Navigation company, and Mr. S. Guy Ashley, local manager for the Marconi Wireless Telegraph company, for the installation of wireless equipment on all boats of the Northern Navigation company.

The work will be started at the earliest possible date and it is expected that boats will be fully equipped shortly after the commencement of the season, hence the first Canadian boats on the great lakes with wireless. They will be in constant touch with Port Arthur.

If there's a new thing out in men's furnishings, you'll be sure to find it at Kelly & Moore's.

GILDER-TIFFANY WEDDING

New York, April 21.—In the presence of a large gathering of prominent society people Miss Louise Tiffany, eldest daughter of Louis C. Tiffany, and Mr. Rodman de Kay Gilder, a son of Mrs. Richard Watson Gilder, were married at the home of the bride's father, 27 East Seventy-second street. The bride was attended by her sister, Miss Dorothy Tiffany, and Mr. Gilder's best man was his brother, George de Kay Gilder. Mr. Gilder is a graduate of Harvard class of '09, and is in the electrical business in New York City.

FRENCH PRESIDENT IN TUNIS

Bizerta, Tunis, April 21.—President Fallieres of France, after a voyage with an imposing squadron from Toulon, reached Tunis yesterday, for a visit of two weeks to the French protectorate.

Fleets of three nations, Great Britain, Italy and Spain, mobilized to greet him. The president reviewed them in a torpedo boat. Then he visited the foreign ships in turn, distributing high decorations among the officers.

MANY SETTLERS IN MANITOBA

Emerson, Man., April 21.—The inflow of settlers from the south still continues and this morning saw a record breaker. Officials state that about two hundred and twenty-five entries via the Soo line and Great Northern composed of the best class of people. Most of them went via G. P. R. to Saskatchewan and Alberta, while quite a few went to Winnipeg intending to take the Grand Trunk and Great Northern for eastern points.

PHILOSOPHICAL SOCIETY.

Philadelphia, Pa., April 21.—Scientists from all parts of the United States and Canada are in attendance at the general meeting of the American Philosophical Society, which opened here today for a session extending over three days. One of the most interesting features of the convention will be a lecture of Prof. Svante Arrhenius of Stockholm, on the physical condition of the planet Mars.

SPARKING CHIEF CLERK, AMN. BROS.

CAPT. BEARS GUILTY.

Victoria, B. C., April 21.—A verdict manslaughter was returned by the coroner's request at Sidney Tuesday night against Capt. A. A. Sears of the steamer "Troquie," wrecked with a loss of 21 lives off Sidney April 10th, who was arrested on Saturday night at the instance of the British Columbia government on a similar charge.

All Are Guaranteed

Whether you buy Blue Ribbon Tea, Blue Ribbon Coffee or Blue Ribbon Baking Powder, our refund offer is just the same. If you are not fully satisfied after a fair trial you may return what is left and receive your money from the grocer. We could not afford to make this general offer if we did not know that Blue Ribbon goods are pure, wholesome and superior to other brands.

James A. O'Gorman retires from a \$17,500 position on the New York supreme bench to accept the seat in the United States senate, which pays only \$7,500 a year.

Congressman Chas. B. Randall, who aspires to the seat of United States Bailey of Texas, is a native of Georgia, but has lived in Texas for more than 30 years.

STILL FIGHTING FOR FREEDOM

Albany, N. Y., April 22.—The court of appeals has fixed Monday next as the time for hearing arguments on the latest appeal by Lawyer Albert T. Patrick, who is serving a life sentence in Sing Sing prison for the murder of William Marsh Rice. The present appeal is from the decision rendered by the judges of the appellate division, who dismissed the writ of habeas corpus Patrick argued in Brooklyn about a year ago.

For satisfaction in jewelry buying try Ash Bros.

BARACA-PHILATHEA CONVENTION.

Greensboro, N. C., April 22.—Church and Sunday school workers from many parts of North Carolina have gathered here for the state convention of the Baraca association and Philathea union, which will hold its sessions in Greensboro during the next three days. Today was given over to the reception of the visitors. Tomorrow the delegates will attend special services at several of the local churches.

A little girl went into a local chemist's and asked to be served with five cents' worth of piano.

"What is it for?" asked the puzzled shopman.

"It's to clean grease off father's coat."

"Oh, it is ammonia, you want?"

"Yes, that's it—ammonium. I knew it was something to play on."

Asthma Catarrh
WHOPPING COUGH
BRONCHITIS COUGHS COLDS

CELEBRATION OF WIDE SCOPE

New York, April 22.—Recognizing the importance of the 200th anniversary of the publication of the King James version of the English Bible, the American Bible society, which has its headquarters in this city, has arranged that the tercentenary shall be celebrated tomorrow by the churches and church organizations in every part of the United States. Ministers of all denominations have agreed to devote the services of the day to a review of the history of the King James version, and its influence upon the English language, laws, literature and social life.

IN MEMORY OF ITS FOUNDER

Hanover, N. H., April 22.—Special exercises were held at Dartmouth college today in celebration of the two hundredth anniversary of the birth of Eleazar Wheelock, who is regarded as the principal founder of the institution. Dr. Wheelock was born at Hanover, N. H., April 22, 1714. He secured the charter for Dartmouth college in 1769 and became first president of the institution, of which he remained at the head until his death ten years later.

ARBOR DAY OBSERVED

Chicago, April 21.—In accordance with the proclamation issued some time ago by Governor Deneen, Arbor Day was observed to-day throughout the State in a brilliant manner. In all the public schools and in many of the private schools and colleges the day was observed by the planting of trees in the school yards or in the parks and some of the teachers delivered addresses upon the subject of the conservation of the natural resources of the country in general and of trees in particular.

Pierre, S. D., April 21.—Throughout the State of South Dakota, even in many of the smallest communities, Arbor Day was observed to-day by the planting of trees and shrubs in parks and public grounds, in school yards and around the houses of the citizens. The proclamation of Governor Vessey setting aside to-day for the observance of Arbor Day, had particular stress upon the necessity for the planting and protection of trees and the citizens responded to his appeal with unusual zeal.

Don't Be Bald

NEARLY ANYONE MAY SECURE A SLENDOR GROWTH OF HAIR.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair that we give our positive guarantee to refund every penny paid for it in every instance where it does not give entire satisfaction to the user.

"93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or clog the hair. Two sizes, 50c. and \$1.00. With our guarantee back of it, you certainly take no risk in trying it at our store—The Rexall Store, A. Archibald.

The Wisconsin Farmers' Union will erect a \$250,000 naking plant.

TO TRY GIRL FOR MURDER.

Aberdeen, S. D., April 22.—The special term of the circuit court which has been called to assemble here Monday will be notable by the trial of Mrs. Eva May Kreiter, the so-called girl-wife who is charged with the murder of her husband, Philip Kreiter. Kreiter was found dead in his farm house, twelve miles northeast of the town of Elkton, on February 20 last. Death had apparently resulted from a stab wound with a butcher knife. The testimony at the preliminary hearing tended to show that the man had met death while engaged in a struggle with his young wife.

Cannot Fool All the People All the Time

If there is one thing more than another that the outburst at the Oliver meeting on Wednesday proclaims it is that the gum shoe method of politicianizing does not get anything for the men engaged in it.

It might as well be said as thought, that the course which the minister of the interior pursued in connection with the overthrow of the Rutherford administration was devious, to say the least, and that it was prompted by motives which took no count of the best interests of the constituency which the minister of the interior represented, nor yet of the best interests of the province of Alberta.

Yet all through the seance, except for the sandbagging done in the columns of his Bulletin, the minister of the interior tried with the cunning of an aborigine to cover his trail. Throughout the whole difficulty into which he precipitated this province, he adopted a front of bland innocence and tried to make the electors believe that his hands were clean; that the entanglement was not of his making; that if certain corporations had an interest to serve it was not his interest; and that he was pitifully sorry about all that was happening.

In the language of Billy Baxter, it is a long lane that has no tomato cans. If Frank Oliver believed he could fool all the people all the time it was only he himself who was fooled when he thought so. His experience when he tried to jam through a resolution which he could get illuminated and framed to decorate his den in Ottawa, that he might the better impress his conferees with the belief that he was strong enough to ignore the interests of his constituents, was surely proof enough that there are plenty of people who can read between the lines.

Frank Oliver should be an old enough politician by now to know that there is a subtle seventh sense which unerringly informs the public when a man goes wrong. Next time he undertakes to sacrifice a liberal administration on the altar of a private interest he will be well advised to do it in the daylight and when he is sure they are all looking.

Commissioner Does Not Read Report But Knows the Contents

Commissioner Bouillon now avers that not only will he not pay for the Parsons' report but that he will not read it.

In the next paragraph of the interview which he gave to the Capital he intimates that Parsons does not materially differ from him in the type of engines which he recommends.

There are some people who do not read the Capital in just about this same way, but the circulation man smiles when he hears it.

If Mr. Bouillon knows what is in the Parsons report without having read it, he might enlighten the public on the paragraph which intimates that Mr. Bouillon, by his delay in ordering the last motor generator unit, lost the city 30 per cent. on the purchase price.

And while he is a it, he might tell the public whether it is because of this paragraph that he refuses to pay for the report and undertakes, by depreciating his abilities as an engineer, to administer a knock to Parsons.

Gloomy Outlook For Autumn in the South Country

As the Calgary News-Telegram points out, the south country is in danger of a situation very close to disaster this fall.

The coal miners of the Pass are out, and the indications are that they will stay out for some time. The machinists in the railway shops are preparing to strike, and the railway companies are preparing to fight.

If the coal miners stay out until the fall, thereby throwing the delivery of the winter coal supply into the late autumn months, and the machinists stay out long enough to cripple the rolling stock, the south country, with a crop to move and a coal supply to lay in, and a crippled rolling stock, will be in a bad way indeed.

JUST PARAGRAPHS

It does not necessarily follow that because the Eagles are going to attend the opening game that the Deacons will go up in the air, although there may be a few flies at that.

Advice that is free is generally worth it, but not much more. If the aldermen have to pay for the Parsons' report themselves they will at least recognize its value and may act on it to the extent of playing Mr. Bouillon's suggestions with a copper.

The negroes have commenced to turn their attention to the province of British Columbia. If they are positively determined to come to Canada where they may enjoy British liberty, we can cheerfully recommend them to give B. C. a fair trial first.

While Dr. Clark and the other free traders are talking about the amicable feeling existing between Canada and United States, they should not forget that if our Mr. Langford decides to fight their Mr. Johnson a dark cloud may intervene to mar the amity.

"THIS DATE IN HISTORY"

April 21.
1500—Henry VII. of England, founder of the Tudor dynasty, died. Born in 1457.
1785—Count Flahaut, a celebrated French general under Napoleon, born. Died Sept. 1, 1870.
1819—Oliver Evans, who made the first application in America of steam power for propelling steam carriages, died in New York. Born in Delaware in 1755.
1837—Texas under General Houston defeated the Mexicans under Santa Anna in battle of San Jacinto.
1861—Senator Andrew Johnson, of Tennessee, mobbed at Lynchburg, Va.
1871—Street conflict between the Baxter political factions at Little Rock, Ark.
1878—Gen. John A. Dix, died. Born July 21, 1798.
1891—Strike of 130,000 miners inaugurated in the bituminous coal region.
1900—Attempt to blow up the gates of the Welland Canal.
1903—Trevelyan H. Platt, U.S. senator from Connecticut, died in Washington, Conn. Born there July 19, 1837.
1910—Samuel L. Clemens ("Mark Twain") died in Reading, Conn. Born in Florida, Mo., Nov. 30, 1835.

"THIS IS MY BIRTHDAY"

Duncan B. McTavish.
Hon. Duncan B. McTavish, a leading member of the judiciary of Ontario, was born in Carleton Place, Ontario, April 21, 1850, of Scottish parentage. He received his preparatory education in the public schools of Ottawa and later graduated from Queen's University. After leaving the university he studied law under Sir Oliver Mowat and after being called to the bar he practiced his profession for many years in Ottawa. For fifteen years, beginning in 1882, he held the office of city solicitor of Ottawa. His position he resigned to accept appointment to his present position as senior judge of the County Court of Carleton. Judge McTavish is regarded as a high authority on matters of law and on numerous occasions has been called upon to represent the Dominion before judicial committees.

COMMUNICATED

Editor the Capital:
Dear Sir: Your article in yesterday's issue, "The Necessity for Play," brings to the front a phase of city development of capital importance. We are all agreed, I believe, upon the necessity mentioned. We differ in our enthusiasm for measures that shall supply the want in a practical and enlightened manner. The most important crop any nation can raise is the children of its people. The urban population of the world, according to the statistics of the American Park association, has multiplied ten times during the last sixty years, but until the last decade little or nothing at all has been done for the child's natural love for the earth, the trees, the animals and the play—all as essential to the growth of heart and mind as food is to his body.
President Roosevelt in his message to congress in 1904 suggested that the solution of municipal problems might be obtained through congress having direct control of the city government of Washington, making it a model municipality and exponent of what is best and most beautiful in American municipal life. "In the first place," he writes, "the people of this country should clearly understand that no amount of industrial prosperity and above all no leadership in international industrial competition, can in any way alone for the sapping of the vitality of those who are usually spoken of as the working classes. Rapid development in wealth and industrial leadership is a good thing but only if it goes hand in hand with improvement and not deterioration, physical and moral."
Why should not Edmonton be made the model municipality for the inspiration of other Alberta cities? And in this matter of playgrounds as in most others, we have the signal advantage of being able to act before the need is too crying and before any great difficulty in coping with it has arisen. Expert experience tells us that when a great city has attained its full stature it needs, to ensure ideal conditions, district playgrounds of an average area of about ten acres, so distributed that no person shall be more than half a mile away from such grounds, and that the recreation shall be supervised as suggested in your article. There should also be located a library and reading room, facilities for bathing, a winter kindergarten, separate grounds for different ages of children, ball grounds for summer for use as skating rink in winter, outdoor gymnasium for summer and inside for winter, an auditorium and lunch room.
These centres are not only of greater utility than the ordinary park owing to the fact of their supplying all the most vital needs in a sanitary and proper manner, but their continuous service should appeal to those who are inclined to measure the investment by its produce. Ordinary parks are used spasmodically four or five months out of the year, but neighborhood centres earn dividends in civic betterment every day and evening of the year.
The year book of the United States Playground association for 1909 shows that out of 950 cities and towns having a population of 5,000 and over 316 maintain supervised playgrounds and the actual number of playgrounds conducted in these cities will number nearly 2,000.
I hope the time is not far distant when the city authorities will give this kindred matters of civic growth the attention and study they deserve, and the press can do and are doing a very great work in interesting and educating the electorate as to the peculiar opportunities and obligations of Edmonton to be a model city.

C. L. LORNE GIBBS.
There are now 67 factories in Brantford, Ont., with an aggregate of 6,500 employees, receiving annually \$3,100,000 in wages.

TROOPER MULLOY

Brave comrade-in-arms, we see with great wonder The way thou hast met what most others shirk under, With spirit so cheery, an outlook so dreary, To one who has seen day and night fall at sunrise.
But as thine eyes closed on the light that's external Thou'st caused them to open on things more eternal The eyes of the mind, which nothing can blind Thou'st opened by study of matters eternal.
With eyes that are closed against action and thou seest more clearly, in quietude musing, The cause and effect of every defect In service we render, or that we're refusing.

So, gladly, we render all praise to thee, brother, For setting example to many another Who under distress, is led to profess That life for him's ended, then loaves for the other.

In bidding farewell, friend, we cannot refrain From saying we feel that thy loss is our gain, Thou'st caused us reflection, thy spirit's infection Has done us all good, thou'rt not living in vain.

—Inscribed to Trooper Mulloy on the occasion of his visit to Edmonton, Alta., April, 1911, with best wishes from his comrades-in-arms.

GEO. A. REID, Capt. Q. M. 101st Edmonton Fusiliers.

THE LADIES' AID

The old church bell had long been cracked;
It rang but a groan;
It seemed to sound a funeral knell With every broken tone.
"We need a bell," the brethren said, "But brass must be paid;
We have no money we can spare—Just ask the Ladies' Aid."
The shingles on the roof were old;
The rain came down in rivers;
The brethren slowly shook their heads And spoke of "monthly bills."
The chairman of the board arose, "We shall have to lay the case Before the Ladies' Aid."
The carpet had been patched and patched Till quite beyond repair,
And through the sides and on the steps The boards showed hard and bare.
"It is too bad," the brethren said, "To raise an interest on the part Of members of the Aid."

The preacher's staid was behind;
The poor man blushed to meet The grocer and the butcher as they passed him by the street;
But boldly spake the brethren then: "Pastor, you shall be paid!
We'll call upon the treasurer Of our good Ladies' Aid."
"Ah," said the men, "the way to heaven Is long and hard to find;
With slopes of ease on either side, The path is hard to find;
We cannot climb the heights alone;
Our hearts are sore dismayed;
We ne'er shall seek to heaven at all Without the Ladies' Aid!"

Though James A. O'Gorman, the new United States senator from New York, has been a member of Tammany Hall ever since he reached the voting age, it is said his affiliation with that organization has never affected the independence of his political attitude.
The contests for the next national political convention soon will be on in earnest, though the actual choice of locations will not be made until next spring. It is regarded as a foregone conclusion that one or the other of the big conventions will go to Chicago.
In the matter of having one house of Congress opposed to him politically President Taft is confronted by the same situation which faced Grant, Hayes, Arthur, Cleveland, Benjamin Harrison and then Cleveland again.

HEAD OF CITY POLICE DEPT. FACING CHARGE OF ASSAULT

(Continued from Page One.)

man in mufti, of whose identity he had at the time no knowledge. Evidently of the opinion that his notoriety was so widespread that it constituted a crime that any citizen should fail to recognize him, the chief grabbed his assailant by the shoulder, in the approved "Boss" manner, and turning fiercely upon him declared that he "sat down at once or he would be thrown out of town." It was after Elmer had been compelled to bring back the ejected man, that he at last consented to himself chief of police.

Yesterday afternoon Mr. Groff went to St. Albert Trail to seek an explanation.

"How do you reconcile with right and reason, your treatment of me and of that man who was ejected on Wednesday?" he enquired.

"I have no statement to make and no answer to give," rejoined Chief Elmer, his ire aroused, and after a short pause, Chief Elmer rose from his place, crossed over to the door, and without requesting his interlocutor to withdraw, without a word, grabbed him by the shoulders and threw him violently from the room, causing a commotion in the outer office.

To a protest against the Mayor Mr. Groff next visited the commissioners' office. Mayor Armstrong, he discovered, was out of town, and to General as a huge joke. The finance commissioner Bulechak the incident apparently delighted him.

He greeted Mr. Groff's complaint with a blunt refusal. "That was all," Mr. Groff left the office, and in an effort to find only method of redress was to bring action in the courts. The whole of this morning's doings was an effort to find a suitable act to the case.

Mr. Groff visited the stipendiary magistrate, explaining that he wished to take out a summons against the police chief for assault. Mr. Groff declared that the chief was a devoted and loyal officer, but that he was a trouble to handle. Both himself and the chief were employed by the city, and Mr. Groff was not to be a complainant. When the stipendiary magistrate declared that he did not wish to act, that the case came strictly within the jurisdiction of the city police magistrate, but that he would not act in the case.

Thus, it is explained that he could not act, because the commissioners had instructed him not to try any more cases under any circumstances, and Inspector Worsley, when seen at the mounted police barracks this morning, instructed Mr. Groff to lay his complaint. When the inspector saw against whom the information was laid, however, it was taken down by him, and he declared that he did not wish to act, that the case came strictly within the jurisdiction of the city police magistrate, but that he would not act in the case.

Although the captain's paper does not state in plain words, he believes that it is hardly the thing for Groff, and says there are a large number in the old country that do not take kindly to the new arrangement.

Boston's city council recently went on record as favoring the passage of a law which would prevent the pensioning of aged city laborers.

THE MAN IS ON SPECIAL MISSION

Theodore Fielden in Edmonton Gathering Data for a Big Edition.

For the purpose of gathering special information for a huge special Empire number of the London Daily Times, which is to be the largest single issue of a newspaper ever published in Great Britain or America, Theodore Fielden, special representative for Canada of the famous newspaper, is a guest at the Alberta hotel.

Mr. Fielden has been commissioned to gather information for this special number of the London Daily Times, which is to be the largest single issue of a newspaper ever published in Great Britain or America, Theodore Fielden, special representative for Canada of the famous newspaper, is a guest at the Alberta hotel.

Canada will be well advised in the number of the London Daily Times, which is to be the largest single issue of a newspaper ever published in Great Britain or America, Theodore Fielden, special representative for Canada of the famous newspaper, is a guest at the Alberta hotel.

Mr. Fielden is of the opinion that the press of the country is lined up against reciprocity between Canada and the United States. They look upon the agreement as one that will weaken the bonds of unity between Canada and the mother country.

The ladies of the Edmonton Musical club are holding their third concert for the season on Monday evening, April 24, at the opera house. They have secured the assistance of a number of the most popular of our local artists and these pursuant will give them the opportunity of listening to those to perform are Miss Pinkerton, most enjoyable program.

Miss Penelope Davies, Mr. Turner, Vernon Barford and Mortimer Johnson.

GOES TO PENITENTIARY

Convicted of no less than twelve charges of forgery, William McKinnon was sentenced by Judge Taylor in the district court this morning to a term of three years in the penitentiary.

A woman convicted of forgery of a cheque of the amount of \$21, was sentenced to one year in the guard room at Fort Saskatchewan.

POSSE SEARCHES FOR BOY

Calgary, April 21.—The settlers along the Bow River, north-east of Brooks, are scouring the country for Richard Jones, 17 years of age, who left his father's home on April 10, and has not been seen since. A posse of 20 men have been searching for him without success. The boy is believed to have been drowned.

MONTREAL WOMAN BURNED TO CRISP

Husband Seriously Injured as Result of Explosion of Coal Oil Stove.

Montreal, April 21.—Mrs. Alfred Bergeron, aged 47, is dead, and the husband seriously injured as the result of the explosion of a coal oil stove at their home, 471 Demouty street, early this morning. The burning oil was thrown all over the woman, who, when she awoke, found her husband, whose clothing also caught fire. Mrs. Bergeron succumbed to her burns after several hours of agony, she having been almost burned to a crisp. The house caught fire and was destroyed.

PRESBYTERIANS FAVOR UNION

Toronto, April 21.—By a majority of over two to one, members of the Presbyteries throughout the denomination have voted in favor of church union on the present proposed basis. There are sixty-eight Presbyteries in Canada and all have now voted on the question. Fifty-four have voted in approval of the basis of union, twelve have voted against it, and two have not yet voted in such a way that they must be counted in opposition.

The total vote cast is 928 in favor and only 143 against. The latest returns show that the Presbytery of Edmonton voted in favor of the union, and the Presbytery of Winnipeg voted in favor of the union. The Presbytery of Montreal voted in favor of the union, and the Presbytery of Quebec voted in favor of the union.

LONDON FINANCIER VISITS CITY FOR INFORMATION

Representing the London Financial News, Capt. J. McKenney, of London, is visiting the city for the purpose of reporting upon the opportunities for investments. He is accompanied by Mrs. McKenney, and A. B. Payne of London, who is in the city to spend several days here gathering information.

"Canada is being looked upon more and more as a splendid and profitable field for investment," he said this morning. "The abounding high income taxes now in force in the old country are driving capital to this country."

Although the captain's paper does not state in plain words, he believes that it is hardly the thing for Groff, and says there are a large number in the old country that do not take kindly to the new arrangement.

Boston's city council recently went on record as favoring the passage of a law which would prevent the pensioning of aged city laborers.

WOULD STOP NEGROES FROM ENTERING THE DOMINION

Copies of the resolution condemning negro immigration, passed at a recent meeting of the school board, have been forwarded to Sir Wilfrid Laurier, to Frank Oliver, minister of the interior, and to every board of trade in the western provinces, and to every organization in the city by which the question is likely to be considered. A petition asking that negro immigration be stopped

TWENTY-FOUR ROUNDS OF FINE BOXING FOR THE OPENING OF BIG CLUB

EDMONTON AMATEUR ATHLETIC CLUB HAS ARRANGED FOR THREE FINE EVENTS FOR THE INITIAL ENTERTAINMENT AT LYCEUM THEATRE TONIGHT—BARNEY MULLIN VS. JIMMY WILLIAMS—MICKEY RYAN VS. JACK KAY, AND THE FAMOUS UNKNOWN—MEMBERSHIP APPLICATIONS WILL BE SOLD TONIGHT AT THE THEATRE—DOORS OPEN AT 9:45 O'CLOCK.

Everything is in readiness for the opening entertainment to be given by the Edmonton Amateur Athletic Club to its members. The affair takes place tonight at the Lyceum Theatre, the doors being opened at 9:45 o'clock, following the first show. It is planned to call the first bout at 10 o'clock.

The program for tonight will consist of twenty-four rounds of clever boxing. The first will be a four-round go between two local heavyweights. Then will come ten rounds between Mickey Ryan and Jack Kay, lightweights. Then will be the main event of the evening, ten rounds between Barney Mullin and Jimmy Williams, of Vancouver, welterweights. Both these boxers are fast and clever and the entertainment they will put up should be of the Class A kind.

Those who have not yet filed their membership applications can do so up to seven o'clock this evening at Deacon's Cigar Store, where a member of the Board of Control will have the plan of the members of the Board of Control and all applications will be passed upon without an instant's delay.

The membership applications have been pouring in on the club and the organization will start out with a membership list that is most flattering and plainly goes to show that the Edmonton Amateur Athletic Club is filling a want here and that it has come to stay.

EDMONTON SPORTSMAN CHOSEN AS HEAD OF THE NEW LACROSSE LEAGUE FORMED AT CALGARY

A McLEAN WILL HANDLE AFFAIRS OF PROVINCIAL ORGANIZATION—START IS MOST AUSPICIOUS AND LEAGUE IS CERTAIN OF AT LEAST SIX CLUBS, WITH POSSIBILITIES OF SETTLETTOR AND LETHBRIDGE HAVING TEAMS—CONSTITUTION AMENDED TO PREVENT JUMPING OF PLAYERS.

Calgary, April 21.—The Provincial Lacrosse League got away to a triumphant start last night and the enthusiasm and spirit manifested speaks for the most successful year that the game has ever had in the west. Representatives were present either in person or by delegates from Calgary, Edmonton, Strathcona, High River, Medicine Hat, and Falher. All will enter teams in the league and there is a possibility of Stettler and Lethbridge also being in the game.

The harmony of the meeting last night was unusual for a provincial lacrosse meeting. Every delegate and outsider present seemed to have the interest of the game at heart and showed himself ready to sacrifice his personal convenience for the good of the game. The old scores were rubbed over gently and every one there turned himself into a personal booster for the league.

The most radical change adopted by the league was the resolution that the constitution be amended so as to prevent the jumping of players from one team to another during the same season. This was stated to be the downfall of the game last year and they were determined that it would not be repeated this season. Question was discussed to considerable length of raising the residence rule from twenty to thirty days, but it was decided that since provision was made for prevention of jump-

ing that there would be no trouble arising from the short residence rule. Nothing was done regarding the schedule because of the fact that the baseball schedule is still unknown and lacrosse schedule would have to wait until after this was published. Nothing but sent word strong for the lacrosse game this year and were ready to enter a team. They said they preferred to have a league composed of two sections with Falher and Lethbridge and themselves in one section, the winner of their section to play home and home games with the winner of the northern section. But in case it was impossible for this arrangement they were willing to play a single schedule with all of the clubs in the province who were entered.

Falher sent word they would enter the league if Lethbridge did, and also showed dividing the league into two sections. No definite word was heard from Lethbridge. It was expected that they were going to have a team this year, but it was the opinion of the meeting if they were approached in the right manner and the situation explained to them that they would be willing to enter. Every delegate at the meeting expressed himself as strongly opposed to the professional scheme that had been talked about at the meeting the night before, and the meeting seemed the death knell of his plan to match with Jerome Leach, of Rochester, for the championship.

DE ORIO IN THE LEAD.
New York, N.Y., April 21.—Alfred De Oro, world's pool champion, won the second half of his match with Jerome Leach, of Rochester, for the championship.

delegates at the meeting were Melville of Edmonton, with a proxy for Strathcona, Poyle and Mathewson, of High River; Edwards, Calgary, and Dr. Hildes, who had proxy for Falher. No one outside of the delegates was allowed a vote in the meeting which prevented any dissension that might have arisen.

The following officers were elected for the coming season:
Hon. Pres.—Hon. A. L. Sifton.
Hon. Vice-Pres.—Senator Dwyer, F. C. Lowes, Hon. C. W. Cross, Dr. Stanley, President—A. McLean, Edmonton.
Sec.—Treas.—Dr. Poyle.
Ex. Council—Dr. Stanley, G. C. Short, Wm. Hatcher, P. F. Melville, Archie McCurdy, S. Hunsbaker.

KUBIAK KNOCKED OUT.
New York, April 21.—Joe Jeannotte, the colored, local heavyweight, was knocked out Al Kubiak, the Michigan giant, in the ninth round here last night of a ten round bout at the National Sporting Club.

DE ORIO IN THE LEAD.

New York, N.Y., April 21.—Alfred De Oro, world's pool champion, won the second half of his match with Jerome Leach, of Rochester, for the championship.

LEAGUE TIED WHEN STRONG CUBS WIN TWO

CAPITALS COULD HAVE CINCHED THINGS BUT THEY FAILED AT LAST CHANCE.

The Olympic Bowling League finished its season last night with a tie for first place. To clinch matters the Capitals had to win two of three games last night from the Cubs but the latter were too strong at the wind-up and took two games.

JEFF TALKING AGAIN.

New York, April 21.—Admission that he was honestly beaten at Reno was made here today by Jim Jeffries, who will sail from here May 4th for Germany. Jeffries said he knows no one now who can take Johnson's measure. He refused to talk much of the "supercardinals."

EASY FOR TORONTO.

Baltimore, April 21.—In the opening game of the Eastern League here today Toronto defeated Baltimore by 17 runs to 5. Melton and Kilian pitched for Toronto, while Baltimore used Kierulff, Hoge and Thompson. Toronto scored six in the third inning, four in the fourth and one in the fifth. Other league games not played on account of rain.

SIGNS NEW CONTRACT.

Philadelphia, April 21.—Manager Doolin of the Philadelphia National baseball team, signed a new contract with that club extending his term until 1913.

KID MCCOY IS BRUCE.

New York, April 21.—W. W. McCoy, the former pugilist, is wondering how his \$60 of worldly wealth (which includes \$50 clothing and ten bones cash), will meet his obligation of debts which amount to \$20,000. He has attempted to solve the problem by a voluntary petition in bankruptcy.

Very few major league discards will be found in the Central League this season. The Central managers will depend upon the youngsters.

How to Get Out of Bunkers

The number of books which have been written on golf, would form a fair sized library, while every week golfing periodicals at least the world are publishing advice to players on how to improve their game. Writes Dorothy Campbell in The Amateur World. Every day new theories are started regarding the way to lengthen one's drive, make approach and putting more deadly. Unfortunately only a very small proportion of this mass of golf literature is devoted to one of the most important departments of the game, one which is especially interesting to beginners, namely, the best way to get out of bunkers. A great many players in this country do not devote any time at all to studying these shots although they will patiently work out the various methods of getting good results from all the other kinds of strokes.

The first point to be considered is to have a suitable club or clubs in one's bag for the purpose of playing out of difficulty. Some golfers do not care to have the trouble of carrying a niblick and trust to luck to be able to extricate themselves from any kind of a lie with a masher. When lying well in hazard it is sometimes possible and even advisable to make use of this club as the extra yards gained may be most valuable and a masher is also the best club to take when in a shallow trap which has been recently raked. But at least fifty per cent of the shots to be negotiated from bunkers

have to be made with the orthodox niblick, so it is absolutely necessary to have one in a hole mark, for example, the head of a masher is too large to get down in the ball, and if the shot is attempted with anything but the proper implement the result is disastrous and often means that a large cut is made in the cover of the ball.

To return from strokes to the more practical matter of getting out of bunkers, even with all the text books on golf which have been written there are many players who do not realize that they must not try to hit the ball when it is lying in said hole, but stand in a bunker and swing more slowly than for any other stroke. If the sand is fairly hard, an inch behind the ball is the proper point to aim at, while two inches is not too much in a softer lie; in either case do not be afraid to hit hard. If the ball is lying close to the side of a trap, it can be made to rise quickly by drawing the club towards you at the moment of impact, which puts on sufficient underlie to make it clear the difficulty. In the case of a good lie in a bunker, there is a great temptation to try to pick the ball up straight as so he had to have any distance, but this is a very dangerous one and generally spells complete failure to get out at all. It is much wiser to make sure of clearing the hole.

REAL ESTATE BULLETIN

In business property, Jasper Avenue is still the most sought after, with First Street and Namayo Avenue next in importance. There is also some movement in the East End Avenues and on Norwood Boulevard.

In residential lots, there is considerable enquiry for the West End of the H. B. Reserve, where our list is fairly well stocked with good positions.

These, of course, are not for speculative but building purposes, and there will shortly be no vacant land in that section. In houses, the enquiry is still steady in the West End, and we have no difficulty in meeting the needs of our clients.

ALBERTA PARK

Every day adds to the value of this suburb, as surrounding lands are advancing in price without any corresponding advance on our part.

If you get secured some of it? Have, get busy.

Today's Offerings Business Properties

A choice lot on Central Jasper Avenue, north side, revenue-producing; per foot, \$1800
100 feet on First Street, south of track, a corner with 158 ft. on side street \$30,000

4 lots on Namayo Avenue, in Northcote, \$1600
2 lots on Fraser Avenue, Bk. 17, R. Lot 10, \$4000

Residential Properties

An 8-roomed modern house on 11th Street, south of Jasper, on corner lot, hot water heating, soft water system, etc., etc. \$10,000
An 8-roomed modern house on 8th Street, south of Jasper \$6800
A 10-roomed modern house on 12th Street, south of Jasper \$6000
A 6-roomed modern cottage on 34th Street, \$4000
We have a number of choice lots in the H. B. Reserve, between 10th and 18th Streets, south of C. N. Ry.

Farm Lands

A fractional half section on Saskatchewan River, 13 miles southwest of city; a snap at, per acre, \$8
A half section good land between Bruce on G. T. P. and Vegreville on C. N. R.; per acre, \$11
A highly improved farm at Agricola, a half section, with 175 acres cultivated, good buildings, etc.; per acre, \$27

Scrap

We carry a good assortment of Scrap—S. A. Veteran, Half-breed and Red River. All at current prices.

Loans

Loans promptly effected on city or farm property at current rates of interest.

NEWS OF THE CITY

The annual service of the Royal St. George's Society will take place in the separate school hall on Sunday, April 23, at 2:45 p.m. All Englishmen and their families are welcome.

A small fire occurred yesterday afternoon in the barn of W. H. Macdonald, 447 Fraser Avenue. The damage was considerable.

The death occurred at the general hospital on Tuesday afternoon of R. O. McMillan, clerk of the International Hotel. The deceased, who died from pneumonia, had been in the hospital for some twelve weeks. He was a native of Standfield, Mo.

Within the next few days the city health department will call for tenders for the erection of a \$5,000 nurses home on the Isolation hospital grounds. The new structure will be of the latest design so far as this type of structure is concerned and will be completed early this summer.

A meeting of the Veterans' association will be held on Monday, April 23, in the armory of the 101st Fusiliers, Second Street, at 8 p.m. Business in connection with the forthcoming coronation celebration will be discussed.

Sparks from an engine in the G.T.P. yards were the cause of a brush fire along the track at 11 o'clock last evening. The fire had increased to considerable proportions, and the workers of the surrounding district were all out, fighting the flames, and endeavoring to spread the fire.

Offices have been opened in the Archibald block by E. M. Nesbitt and Thos. H. Miller, formerly of the Edmonton Construction Company, Ltd., who have gone into partnership in a general contracting business.

The contract for the new cashing building has been secured by the firm.

A fire originating in the engine of Adam Beck's automobile occurred last night as the machine stood on Jasper Avenue. It is believed to have started by the ignition from a clear stump, or from a leaking carburettor. New engines must be put in before the automobile can be ready for service again.

From \$3500 to \$36,000 in sixteen months is an example of the way second avenue property has increased in Saskatoon. On December 1909, G. Fraser and J. O. Hettie secured 50 feet on the corner of Twelfth and Second Avenue at the former figure, and today a transfer was made to A. McDougall at the latter amount.

THE WEATHER.

Winnipeg, April 21.—Fine, quite mild weather has continued all over from the Canadian creek. Several more than thirty miles southwest. While working in the saw dust pit under a tree trunk, a young man, named Lindgren, in some manner got thrown onto the rapidly revolving saw, with the result that one leg was severed almost instantly. Medical assistance was summoned from Leclerc by telephone, and the injured man was removed to the hospital. The scene. The mill is owned by a man named Durr, who had just lost operations on a small mill of his own near his home when the accident occurred.

Strathcona Locals.

Apparently one of the most enjoyable events of the week was the visit of the University of Toronto basketball team, which was shown about the city by the new \$15,000 dormitory building in the west end and these, together with the splendid scenery along Saskatchewan Avenue, came in for high terms of appreciation from the throng of spectators. The visit was completed by the serving of refreshments in the Collegiate Institute.

Following up the negotiations of some time past the executive committee of the Young Men's club will today confer with Mr. Brockle, of the G. A. in Edmonton, with the view of having him take up the work of permanent secretary of the organization. A meeting for this purpose was held the first of this week but arrangements could not then be reached. The fire brigade had begun last night on their regular spring practice program and in consequence of the inclemency of the weather, during the past winter have starting the season first class condition. The new uniforms will probably be on hand some time next month.

A very successful sale of work was held by the Ladies Guild of Holy Trinity church yesterday. The building lately vacated by Warren's shoe store was utilized for the sale and a large amount of work was disposed of. A new switch engine for use in the G. P. R. yards here has arrived on the scene from Calgary and will not be in commission today, the old engine in use for the past being ordered to the repair shop.

The tabling of the civic auditor's report by the council until the regular meeting next Tuesday evening prevents the publication of the statement of this week as expected. It will probably also delay the work of the administration committee to some extent as it was thought the audit would be on hand for consideration at the board's meeting Monday night.

Mr. and Mrs. David Fraser and H. Ritchie were amongst those who returned to the city Wednesday from spending the Easter holidays with friends and relatives in Calgary.

Manager G. W. Marlow of the Bank of Commerce here reached home Wednesday from his five day's business trip to Winnipeg.

The council spent several long hours last night in an adjourned consideration of the civic estimates. The remainder of the eleven money bills were given their final reading and these will all be advertised for the first time next Tuesday. Mayor Davies is still confined to his home with an attack of neuritis and has not attended any of the council sessions for a week.

Strathcona News

New Store Block on East Whyte. Strathcona, April 21.—Yet another first-class business block is to be added to the Spring's building on Whyte Avenue. This week ground has been broken for a two story brick store building and the excavation for a structure to be erected for D. Mercus, who, until recently conducted a small general grocery store near Third Street on east Whyte. It is the intention of this pioneer merchant to again open in the general merchandise business on a decidedly up-to-date scale when the new premises are ready for occupancy.

No contract for the building of the new store has yet been let by Mr. Mercus but the basement is rapidly being taken out under his direction and he expects to secure the builders within a few days. The block, which is to be constructed of brick and concrete, will face south on Whyte Avenue and will be well fitted up for store purposes. With a full-sized basement the accommodation will be equal to that given on three floors and Mr. Mercus plans to occupy the entire space with his mercantile stock. The cost of the block will perhaps be in the vicinity of \$15,000.

This new building will be the first substantial business block to be erected on Whyte east of Third Street but Mr. Mercus, who is an extensive property owner in that end of the city, figures that his new location will be a highly desirable one when that end of the town builds up. He is already giving promise of doing within another year or two.

West End Bridge Done.

By crossing the city council of Strathcona are improving Saskatchewan until the citizens may expect within the next couple of years to see this splendid driveway extend along the river bank in good traffic condition for several miles. Near the University road where the bridge was planned by last year's council and construction work is well advanced. The bridge is nearly 190 feet in length and has a sidewalk a long one side. Some little grading work remains to be done and the approaches but this will be done in a short time.

Had Hand Sawn Off.

Another bad accident in connection with a portable saw mill is reported from the Canadian creek. A young man, named Lindgren, in some manner got thrown onto the rapidly revolving saw, with the result that one leg was severed almost instantly. Medical assistance was summoned from Leclerc by telephone, and the injured man was removed to the hospital. The scene. The mill is owned by a man named Durr, who had just lost operations on a small mill of his own near his home when the accident occurred.

SHEFFIELD CHOR AT TORONTO

"The vast throng that was gathered together last night in Massey Hall witnessed a scene of enthusiasm that is the corroboration of time will fail to efface. The Sheffield Choir and their conductor, Dr. Goward, faced an audience whose spontaneous outbursts of applause must have thrilled them as an unspeakable dream. Surely such a genuine ovation would inspire the choir to produce the highest pitch of perfection they are able to attain. The success of the Sheffield Choir was all the more glorious as it consisted of an experienced audience that understood and was able to appreciate the choir's music." Toronto Star, November 6th, 1908. This world's greatest choir will sing in Edmonton at the McDougall Auditorium, May 9th and 10th. Plan of seats open at Harmony Hall, Rice St., on Wednesday, 26th inst.

CORONATION DAY SPORTS MEET

An important meeting will be held this evening at 8 o'clock in the Board of Trade rooms when the following members of committees are requested to be present:—D. G. Smith, President; Redoubt Gray, J. W. Ward, G. K. Flint, G. W. Chapman, R. B. Chudwick, E. Moorhouse, G. R. Jackson, J. Driscoll, E. E. Davies, J. E. Lowry and T. A. K. Turner.

SASK. CARPENTER ASPHYXIATED.

Saskatoon, April 21.—Two weeks ago Frank Burnham, a young carpenter, left Saskatoon for Hinesdale, near Laura, Saskatchewan. Today his body was brought to the city, having been asphyxiated in his shack by coal gas from the stove. The body lay for about nine days before being discovered.

MISSIONARIES BOUND FOR CANADA.

London, April 21.—A party of young missionaries, sent out by the Colonial Continental Church society, sailed from Liverpool today for Canada. The majority of them will find spheres of missionary labor among the settlers of Saskatchewan and Manitoba. This party is the first of several to be sent out this spring and summer.

EASTERN CAPITALISTS COMING

A private car carrying prominent eastern Canadian capitalists, who will invest in Alberta lands, is now on the way west headed for Edmonton, having passed through Winnipeg today. They are headed by T. A. Neely, representing a company which controls 15,000 acres of Alberta lands. The capitalists intend to invest heavily here the best opportunities occur. The party include C. W. Hartman, banker; J. A. Wilson, banker; T. J. Nichols, capitalist; A. H. Galloway, representing eastern interests; H. E. Brodie, representing eastern interests; H. A. Reid, a professional man, and T. A. Neely.

Mrs. Bulaya will receive for Mrs. Bulaya at the government house Monday afternoon from 3 to 6 o'clock.

Look at This

One of the best half sections of land in Alberta, 5 miles from C. T. P., Agricola district, 60 acres cultivated, 150 acres more (nice place) ready to break. No stones or waste land on the place. All rich black loam. 7-story frame house, big stable, a cold water spring that runs more than 100 barrels water per day, never frozen up. Surrounding neighbors drive cattle to this spring all winter and haul water from it for use at their homes. All the wells and lakes were all frozen. Price \$2000.00, cash and balance to suit.

TO IMPROVE PASSENGER SERVICE

The midnight train service between Edmonton and Calgary, which has been hitherto a tri-weekly one, will be made a daily service after May 1st. It is a monthly service on June 1st, but the train has been so heavy during the winter months that it had been found necessary to earlier increase the accommodation. The midnight train is now carrying from 75 to 100 passengers each trip, both ways.

Can you afford to delay another day? Have you made enough money to provide for that rainy day that's sure to come?

If you have, we venture to say you have made it by investing.

If you haven't invested, we venture to say you are sorry, and you do not intend to follow in the old rut, laboring for the other fellow any longer.

Throw off the heavy yoke. Be your own Boss—you can do it if you will
